

# PHOTOGRAPHS IN CCE

## WE HAVE A PHOTOGRAPHER IN CCE TODAY!

Simon Milligan will be taking photographs during the service today. This is an exciting opportunity for us to capture something of the life of the church and the people that make up the CCE family.

## WHY ARE WE DOING THIS?

We now have a great new website supported by regular Instagram and Facebook posts which makes our church accessible to the wider community. However, we currently have very few images to reflect who we are as a family, which we would like to remedy. This is in order to share a little more of the life of the church, what people can expect when they visit and who they will meet when they do come along.

## HOW WILL MY PICTURE BE USED?

Some of the photographs taken today will be used on the CCE website, on our Instagram page and our Facebook page. We are mostly looking for wide angle shots of the whole church family or group shots. In the case of close-ups involving one or two people we will contact individuals concerned to ask permission before posting on any of our social media channels. We will not link or tag anyone's name with any of the photos.

## HOW DO I OPT IN?

You will be opting in simply by choosing to sit in the main area of the auditorium. We really hope we will have lots of folk who will be happy to engage with this.

## HOW DO I OPT OUT?

If you would prefer not to be photographed, please sit in one of the two **non-photography zones**;

- Under the balcony on the north side of the building
- Anywhere on the balcony.
